About Us

Beyond Consulting is a consulting firm that was established in 2011. In less than ten years, the company has been able to obtain and dominate local and regional presence, leading as one of the highly recognized and trusted consulting firms in the fields of Strategic Planning, Market Research, and Public Reform and Institutional Development. The value of the company lies within its name. Beyond Consulting believes in always going 'beyond' the expected deliverables to offer clients outcomes that serve their core needs.

What distinguishes our work is our challenge to traditional standards of management consulting. We utilize innovative tools and methodologies while also offering global consulting talent, combining it with knowledge and a deep understanding of the nature of our local culture and client requirements.

Beyond Consulting's team consists of more than 30 full-time consultants and experts, along with over 30 dedicated experts and researchers who possess over a decade of experience in strategic planning, process engineering, and economic research. These professionals hold academic and technical degrees from world-leading universities such as Harvard University, Missouri State University, and others.

Furthermore, Beyond Consulting has been able to build global alliances and partnerships with leading international and regional consulting firms in fields related to its work. These include Candestic Consulting and Hygeian Consulting, specialized in providing consultancy to the healthcare sector; Avasant Consulting, Visagio, and ADDVantage Technologies, specialized in innovation, information technology, and transformation; and Agon Consulting, a firm specializing in pharmaceutical consulting in the Middle East. Additionally, the company has formed a partnership with the Health Institutions Accreditation Council (HCAC).

Our Services

1. Strategic Planning and Development

We are primarily known for providing strategic planning services for governments and NGOs in Jordan, Saudi Arabia, and the UAE. We have invested in tailoring our unique strategic planning and monitoring methodology, which has proven effective and successful in meeting the demands of our region.

We have had the pleasure of developing strategic plans for many reputable firms locally and regionally, including the Jordanian National Human Rights Plan (2022-2025), the Jordanian National Criminal Justice Strategy, and strategic plans for the National Center for Human Rights, the Jordanian Legislation and Opinion Bureau, the Jordanian Judicial Authority, the Companies Control Department of Jordan, Rasheed-Transparency International Jordanian Chapter, the Jordan River Foundation, Dar Abu Abdullah, the King Hussein Cancer Center, the Abdulhameed Shoman Foundation, Tkiyet Um Ali, and many others locally. Regionally, we have worked on strategic planning projects for public sector entities such as the Saudi Central Board for Accreditation of Healthcare Institutions (CBAHI), Dallah Healthcare Group (KSA), Dubai Healthcare City, Bupa Insurance, the Council of Cooperative Health Insurance (KSA), and many others.

Furthermore, we have developed our own Strategic Management System (SMS) based on our regional experience and understanding of the local culture. This ensures the best alignment between board goals and day-to-day functional efforts.

2. Feasibility Studies

We have provided our business and financial analysis services to over 20 clients thus far. Additionally, our team has worked on more than 30 feasibility studies in various sectors, including food and beverage, cosmetics, healthcare, pharmaceuticals, ICT, E-Commerce, and others.

Our feasibility studies have encompassed numerous countries, such as KSA, UAE, Qatar, Jordan, the EU, and the US markets. As a result, our team has gained substantial experience in financial modeling and planning.

Consequently, Beyond Consulting has become an official service provider for EBRD for SME support services in feasibility studies, business planning, and market research. Furthermore, Marwan Ata, our Senior Management Consultant, serves as an international advisor for EBRD and a mentor for startups in the region.

Thus far, we have served over 17 beneficiaries for EBRD in Jordan, in addition to supporting over 20 local and regional startups and entrepreneurs.

3. Market Research

Throughout our extensive experience in the market, our team of researchers and consultants has mastered the art of market research. Consequently, our team is equipped with the necessary analytical tools to conduct international market research, develop export marketing strategies, and conduct in-depth local market research.

The services of Beyond Consulting have extended beyond the borders of Jordan, reaching clients in KSA, UAE, Oman, Qatar, and Palestine. We offer both standard consulting services and customized research projects. This geographical expansion has been accompanied by a vertical expansion, allowing Beyond Consulting to work with prestigious high-end clients such as IESC, TetraTech, and Kaizen. Additionally, we have become a certified service provider for the EBRD and have successfully completed over 15 projects with them.

As a company that strives to go "beyond," our service portfolio has expanded to include market and value chain research, specialized industry analysis, qualitative and quantitative research, as well as support for job creation.

4. Merges and Acquisitions

Since 2011, we have offered our Mergers and Acquisitions consulting services to over 20 clients in the Middle East, including Jordan, KSA, UAE, Oman, and Iraq.

Our team has successfully led the M&A efforts for our clients, starting from developing the M&A strategy, identifying targets, conducting target screening and shortlisting, initiating the process, performing valuation, conducting due diligence, and ultimately closing the deals.

Supported by our diversified experience across various sectors such as healthcare, pharmaceuticals, industrial, ICT, and others, we have been able to provide our M&A services effectively.

Our deep knowledge and understanding of the local culture and business environment in the Middle East are significant assets that we rely on to generate value for our clients. These assets help us find the right targets and successfully facilitate the M&A process, aligning with their strategies and goals.

5. Public Reform and Institutional Development

We have provided our public reforming and institutional development services to various public sector clients in Jordan and the MENA region. We possess the capability to customize our offerings to ensure the seamless achievement of our clients' goals and objectives in the public sector.

Our services encompass organizational development, strategic planning, capacity building, and the design of new programs and initiatives. We employ a proven and tested methodology and approach that incorporates best practices, as well as international and regional benchmarks. By integrating systems and providing data-driven solutions, we strive to achieve high-impact and sustainable results.

Our team of consultants has worked on numerous public reforming and institutional development projects for esteemed institutions, including the Prime Ministry, Ministry of Justice, Jordan River Foundation, Council of Cooperative Health Insurance in KSA, Al Madinah Award organization in KSA, Ministry of Communication and Information Technology in Sudan, and many others.

Along with providing recommendations to shape the SAP and IP recurrent reviews, decision making routines, and the overall program development and expansion

USAID – BGA – ONE TO MANY EXPORTS-2023

Beyond Consulting was contracted by USAID BGA to develop the "Saudi Market Penetration Program," aimed at facilitating the entry of SMEs in the service sector into the Saudi market. The program includes an export readiness assessment to identify gaps and areas requiring intervention.

Moreover, comprehensive support to each SME during the business development phase will be provided, including outreach to potential buyers/agents, facilitating the matching process, arranging visits to buyers, conducting business development activities, capacity-building initiatives, and ensuring effective correspondence to ensure successful exports for these SMEs as they enter the Saudi market.

Key Projects

Jordan River Foundation (JRF)- 2022

Beyond Consulting successfully developed JRF (Strategic Plan - 2021-2023) and operational plans, including determining their future national role in social and economic development and empowerment. The project entailed conducting over 20 stakeholder interviews and focus groups in addition to international benchmarking.

Strategic and Growth Plan for Al-Amal Hospital-Jordan 2022

Beyond Consulting was contracted by the USAID to conduct a three year strategic and growth plan for Al-Amal Hospital. The project entailed conducting an organizational and financial analysis for the hospital. In addition to conducting a market research for the healthcare sector globally, regionally and domestically. The project also included conducting a competition analysis, developing customer personas and developing the strategic and action plan for the hospital.

Strategic Plan for The Department of State Cases- Jordan-2023

Beyond Consulting was contracted by the USAID to develop a strategic plan for the Department of State Cases. The project entailed conducting an internal organizational assessment that identified the organizational strengths and weaknesses that were then used to develop the priorities, goals, and initiatives of the department. The project also included conducting a workload analysis for the attorneys working in the department, revising and amending the organizational structure, developing job description documents for all the roles and developing standard operating procedures (SOPs) to systemize work within the department.

Key Projects

The logo for Prince Hussein Technical University (HTU) is displayed in red, stylized Arabic letters within a white circle.

Market Research for Prince Hussein Technical University (HTU)-2022

Beyond Consulting was contracted by HTU to conduct a market research assessing the acceptability and duration of an apprenticeship program that HTU is working on. Followed by identifying the future potential trainees and potential donors for the apprenticeship schemes in addition to the realistic fees that the trainees are willing to pay.

The logo for Taawon Foundation is displayed in red, featuring the word 'التعاون' (Taawon) in Arabic and 'Taawon' in English, alongside a red square icon with a white geometric pattern.

Strategic Plan for Taawon Foundation-Palestine 2022

Beyond Consulting developed Taawon Foundation's 3-year strategic plan through internal and external analysis, stakeholder mapping, program evaluation, and a comprehensive desk review to identify potential areas for future interventions.

National Criminal Justice Plan Jordan-2022

Beyond Consulting, in cooperation with the Ministry of Justice and with the support of the European Union, developed the strategy for criminal justice, one of the main components of the justice sector in the Hashemite Kingdom of Jordan. The company followed a specialized methodology in developing the strategy to meet the requirements of justice sector in general and the criminal justice component in particular, while benefiting from the recommendations and suggestions of all stakeholders related to the strategy and in a way that keeps pace with the aspirations of these parties and the latest issues related to criminal justice in the Kingdom as well.

Key Projects

Export Plan for Konn Homes-Jordan-2022

Beyond Consulting was contracted by the USAID to develop an export plan, company profile, and pitch deck for Konn Homes, where the Saudi market was studied in detail to assess the opportunities and appetite for the precast construction in KSA and what kind of collaborations and partnerships are available for Konn Homes there.

Market Entry Strategy to the EU Market-BioEnergy Tech- 2022

Beyond Consulting was contracted by the USAID-BGA to conduct a market entry strategy for BioEnergy Tech (a Jordanian food supplements manufacturing company) to the European Union market, including an action plan on how the company will reach potential customers in the target country and providing clear information on market objectives, market segmentation and positioning, entry mode strategy and the export marketing mix elements and delivery methods. The project included studying all EU countries and assessing them based on an agreed upon criteria to shortlist the countries and select the most attractive 2 countries that BioEnergy can penetrate. After selecting the 2 countries the consultants advised on the most appropriate market entry mode and strategy.

Corporate Entrepreneurship Responsibility Alliance – Jordan-2022

Beyond Consulting was contracted by Leaders International to work on developing the competitiveness of local Jordanian MSMEs and enabling them to integrate their products into local and global supply chains. Specifically, the project developed the competitiveness of 90 SMEs by addressing their capacity constraints to meet quality and consistency requirements of local Jordanian corporates.

Key Projects

Jordan - Employment Promotion Programme-2021

Beyond Consulting was awarded a one-year tender to empower MSMEs in Jordanian Governorates to expand their businesses and create job opportunities in several sectors. The project entails assessing the internal capacities of the selected MSMEs, conducting value chain analysis, developing capacity building and improvement plans, in addition to coaching the owners for 6-months on executing the plans.

Revised national human rights plan 2021

Beyond Consulting partnered with the Government Coordinator for Human Rights and received USAID support to update and review the National Human Rights Plan (2016-2025), and conducted a strategic assessment to track progress, mapped and analysed key stakeholders, set international benchmarks, reviewed goals and targets, and aligned new initiatives and action plans with SDGs and UPR report 2018 recommendations. Beyond Consulting worked with the technical committee headed by the Minister of Justice, to lead the way in issuing Revised National Human Rights Plan (2016-2025).

Pharmaceutical Establishment Feasibility Study Iraq-2022

Agon Consulting engaged Beyond Consulting to undertake comprehensive feasibility studies for a series of pharmaceutical projects within Iraq. The scope of Beyond Consulting's role involved, among other responsibilities, in-depth market research into General Formulation drugs, Cepha drugs, Vials, and Penicillin factories, locally and globally. Alongside this, Beyond Consulting carried out rigorous feasibility analyses of the four different types of factories, providing crucial insights that would shape the decision-making process for these pharmaceutical initiatives.

Key Projects

SMEs Franchise Development Project- 2021

Beyond Consulting was contracted to provide consultative advice for five companies in Oman from two sectors in order to prepare them to pursue franchising opportunities. This included preparing franchise strategic plans, legal input documents, franchise operating manuals and franchise marketing manual.

وَدَارَةُ الْعَدْلِ

Prime Ministry of Jordan – National Human Rights Plan-2021

Beyond Consulting worked in cooperation with the Government Coordinator for Human Rights in the Prime Ministry and with the support of USAID to review and update the National Human Rights Plan (2016-2025). The scope of work included conducting a strategic assessment of the progress of the national projects and initiatives until the end of 2020, mapping and analysing the key stakeholders, setting international benchmarks for countries in terms of national ranking and results in relevant international indicators, reviewing the goals and targets, meeting and discussing with stakeholders and aligning and formulating the new initiatives and action plan with the SDGs and recommendations contained in the UPR report 2018.

المركز الوطني لحقوق الإنسان
The National Centre for Human Rights

USAID ROLP - National Centre of Human Rights-2021

Beyond Consulting was contracted by the Rule of Law – USAID funded project to develop the NCHR Strategic Plan (2021-2023). The project entailed comprehensive regulatory framework assessment, stakeholder's analysis and the development of the strategic plan in full alignment with national reform goals, and the national strategy (Jordan 2025), and the international Sustainable Development Goals (SDGs).

Key Projects

King Abdullah II Center for Excellence - Jordan 2019

Beyond Consulting was contracted by KACE to conduct a national assessment and study of institutional development units in public sector institutes and ministries and develop a national guideline for these units, which was later adopted by King Abdullah II Center of Excellence and approved by the Prime Ministry of Jordan as an operating reference guideline.

Juman Pharmaceutical (Jordan)-2019

Beyond Consulting was contracted to conduct feasibility study of establishing a factory for producing solid dosage form products in Jordan. The project entailed assessing the MENA region for identifying market opportunities and included a comprehensive technical and financial analysis.

The Kaizen Company, USA-2020

Beyond Consulting was contracted as a startup consultant to support the Jordan ESMP Project Team with in-country startup-related activities, adhering to Jordan-specific country requirements.

Key Projects

Dubai Healthcare City (UAE)-2018

Beyond Consulting worked with the Healthcare Accreditation Council (HCAC) on the development and establishment of Dubai Healthcare City Accreditation unit, and assisting them to obtain ISQua International Accreditation. The project entailed the development of DHCC strategic plan (2019-2022) and operational and functional plans.

European Bank for Reconstruction and Development (EBRD)-2019

Conducting ten business plans for the beneficiary of the EBRD in Jordan, through which Beyond Consulting researched several international markets and guided the development of business and financial plans. Beyond Consulting has been selected among the few approved service providers for the EBRD due to the proven expertise, professional delivery, as well as for being one of the fastest growing consulting firms in Jordan.

Legislation Bureau of Jordan (Prime Ministry of Jordan) – Jordan-2019

Beyond Consulting was contracted by the Rule of Law – USAID funded project to develop the Legislation Bureau's Strategic Plan (2020-2022). The project entailed comprehensive regulatory framework assessment, stakeholders' analysis and the development of the strategic plan in full alignment with national reform goals, and the national strategy (Jordan 2025).

Key Projects

Judicial Authority-2017

Beyond Consulting successfully developed the Judicial Authority Strategy (Strategic Plan - 2017-2021) in addition to Operational Plans for each unit of the Secretariat of the Judicial Authority as per their Strategic Plan (2017-2021) in addition to Action Plans for each of the courts.

مؤسسة عبد الحميد شومان
ABDUL HAMEED SHOMAN FOUNDATION
البنك العربي - ARAB BANK

Abdul Hameed Shoman Foundation (Jordan)-2017

Conducting market research in Jordanian governorates to assess the local communities' cultural needs which was done through focus groups and random sampling interviews. The scope of work also included stakeholders' analysis through over 56 interviews with NGOs and public sector representatives

Companies Control Department (CCD)-2018

Beyond Consulting was contracted to work on business process re-engineering of the services provided by the Jordanian Companies Control Department (CCD).

Key Projects

Agon Consulting (Qatar) -2016

Developed a feasibility study for establishing a pharmaceutical factory in Qatar, in addition to a comprehensive technical and financial analysis. The project also included a thorough analysis of the firm's export potential to the MENA markets.

Health Care Accreditation Council (HCAC)-2017

Developing HCAC strategic plan (2018-2020) which includes national positioning and regional expansion plans. The project entailed comprehensive local and regional market research, stakeholders' analysis, and identification of local and regional opportunities.

Jordan Heritage Revival Company (JHRC)-2017

The objective of this consultancy was to prepare a Business Plan that clearly outlines the overall development strategy for Jordan Heritage Revival Company (JHRC) and its re-enactment shows in Wadi Rum, Petra, Shobak, and Um Qais, during the coming 5 years with a clear focus on service provision and sustainability; and incorporating comprehensive approaches to management, infrastructure, customers/stakeholders, finance and human resources and organizational sustainability.

Key Projects

Health Care Accreditation Council (HCAC)-2014

Developing HCAC new strategic plan (2015-2017) based on the new local and regional healthcare market trends and opportunities.

Embassy of India in Amman (Jordan)- 2015

The project entailed conducting a trade analysis to survey the current bilateral trade between India and Jordan and understand its current declining status. Our team of consultants surveyed the market and met with subject matter experts in the domain to capture the real root causes behind that and recommend suggestions to overcome any identified obstacles.

SitatByoot – MicroFund for Women (Jordan)-2016

Developing and delivering online training courses for women and MSMEs on how to plan and launch businesses. The courses were published on SitatByoot website and social media channels and were viewed by over 50,000 women locally and regionally.

St. Clair Armitage

St. Clair is an experienced CEO and Director who has run his own very successful consulting and project management company since 2013. He has 40+ years of experience in which he led the strategy, corporate development, estates and facilities and major project functions of major teaching hospitals in both the UK and Canada. He has experience at board level in the premier hospital in Canada, two NHS Foundation Trusts, a major facilities management company and a FTSE 100 company, where he was Managing Director of an international operating division with turnover of £60m, employing in excess of 600 people and with offices in UK, USA, Germany and Sweden.

David Chevins

David is an experienced accountant, and Executive Chairman and founding Director of Hygeian Consulting Ltd. He has 40+ years extensive healthcare experience, in the public and private sectors, as an entrepreneur, management consultant, senior manager and non-executive director. Following 10 years in NHS finance, he became a management consultant with Deloitte. He established Secta Group in 1990 which grew into a leading specialist healthcare consulting and financial software business before being acquired in 2002 by Tribal Group plc.

From 2003 to 2006, David was Chief Executive of Tribal's consulting division, where he gained considerable experience of working within a group structure. He has subsequently worked as a freelance consultant advising on corporate strategy and acquisitions, as a programme director for Circle Health and most recently as a strategy adviser to Finnamore. He is also a non-executive director of the management consultancy Prospectus in the Republic of Ireland.

Paul Curran

Paul is an experienced consultant in health who has more than 20 years' experience at a senior level within various NHS organisations. He specialises in project management and transformation for both NHS commissioners and providers. He also provides expert consultancy advice and support in the Finance function to both providers and commissioners.

From mid-2020 to mid-2021, Paul was Finance Planning Lead for two Health Clusters for the Ministry of Health, Saudi Arabia. He planned and began to implement a series of finance transformation initiatives as part of the Clusters' journey to their becoming Accountable Care Organisations.

Early in 2020, Paul was CFO advisor at Weston Hospital Trust where he advised on the financial implications of Emergency Dept improvements and developed and gained approval for related business cases. He also advised on and supported the emergency procurement processes for the Trust at the early stages of the Covid-19 pandemic.

Marc Kitten

Marc has 25 years of experience of transactions and financial markets.

He serves private equity funds, financial institutions and corporates and manages Candesic operations in continental Europe. Marc is a member of the boards of several high growth companies in EMEA. He is also an adjunct professor of finance at Imperial College London and a senior lecturer in strategy and finance at Edhec, ESCP-Europe, ENPC Paristech and Cass Business School. Prior to joining Candesic, Marc was a senior consultant at McKinsey & Co. and a Vice-President at Deutsche Bank in Europe. He holds an MBA from Chicago Booth, completed the Young Managers Programme at INSEAD and graduated from Edhec Business School in France. Marc speaks fluent French, English and German, conversational Spanish and Russian, and basic Mandarin.

Dr Michelle Tempest

Dr Michelle Tempest MA LLM MB BChir (Cantab) ACAT has expertise in medicine, psychiatry, psychotherapy, business, law and politics.

She has been a Partner at Candesic since 2013 and has led multiple projects reviewing market opportunities for investors, public and private providers to develop beneficial partnerships. She has delivered projects for NHS Trusts (acute, community and mental health), Private Hospitals, Specialist Hospitals, Private Patient Units (PPUs), Community Providers, Care Home and Care at Home. In 2006 she edited the book 'The Future of the NHS' and more recently has delivered strategy projects for the UK government on 'new ways of working'. She has an expert interest in medical technology companies, and has worked with several MedTech companies on expansion plans and advised throughout the entire life cycle of deals. Previously Michelle worked as a hospital doctor and liaison psychiatrist for over a decade, and continues to lecture in 'medical ethics and law' at Cambridge University.

Mritunjay Kumar

Kumar is a transformation specialist experienced in identifying, articulating, and executing value creating opportunities across industries. He joined Candesic to work on projects in healthcare, pharmaceuticals and cleantech. He was previously 4 years at McKinsey, managing engagements in Asia for large infrastructure clients. Before becoming a consultant, he was a geophysical advisor at Hess Corporation, a US independent energy company operating globally, a senior Geophysicist at IkonScience in Malaysia, and a senior Geoscientist at Baker Hughes in Malaysia and the USA. Kumar holds a Sloan Master's in Leadership & Strategy from London Business School, an MSc from University of Houston and a master from the IIT Kharagpur in India.

Floris Wentholt

Floris is an experienced manager who has been working with Candesic for 8 years. He has in-depth regional and sector understanding of healthcare through his numerous contributions to strategy and M&A processes, in the UK and continental Europe.

He holds a Master in Management from London Business School, a Master in Chemical Engineering from K.U. Leuven, and was a former Senior Consultant at Bain & Company. He speaks French, Dutch, English and Spanish.

Dr Christopher Cassar

Chris joined Candesic after 15 years consulting at Bain in the UK, the US and South Africa, followed by 4 years in corporate development at Abcam, a manufacturer and supplier of reagents to life science researchers worldwide, and DEM DX, an App-based clinical decision support tool for doctors and nursing staff.

He holds a Bachelor of Medicine, Bachelor of Surgery from Oxford, Worcester College and did his surgical rotation at university hospitals in London, Oxford and Southampton, performing emergency and elective operations. He also holds an MBA with distinction from INSEAD.

Dr Kristoffer Kentta

Kristoffer manages CDD projects in medtech, pharma and healthcare services at Candesic. He has four years of consulting experience in healthcare, having previously worked at EY. He has in particular worked on several projects related to operating theatres in hospitals in Europe.

Before this he practiced medicine as a physician in emergency care and cardiology at Karolinska University hospital in Sweden. Kristoffer holds a medical degree (MD) from Uppsala University, and he has also studied business administration at Uppsala University. He speaks fluent Swedish and English.

Phil carrivick
