ABOUT US

Beyond Consulting is a management consulting firm that was established in 2011. Since its establishment, the company has been able to obtain and dominate local and regional presence, leading as one of the highly recognized and trusted consulting firms in the fields of Strategic Planning, Innovation Assessment, Innovation Management, Market Research, Public Reform, Institutional Development, and Technology & AI Solutions. The value of the company lies within its name. Beyond Consulting believes in always going 'beyond' the expected deliverables to offer clients outcomes that serve their core needs.

What distinguishes our work is our challenge to traditional standards of management consulting. We utilize innovative tools and methodologies while also offering global consulting talent, combining it with knowledge and a deep understanding of the nature of our local culture and client requirements.

Beyond Consulting's team consists of more than 30 full-time consultants and experts, along with over 30 dedicated experts and researchers who possess over a decade of experience in strategic planning, process engineering, and economic research.

Beyond Consulting is a **Gold Partner for Innovation360**, a global leader in innovation analytics and management, specializing in innovation management across the GCC and Jordanian markets.

OUR — SERVICES

01

Strategic Planning and Development

Our main area of expertise is delivering strategic planning services to governments and NGOs in Jordan, Saudi Arabia, and the UAE. Our unique strategic planning and monitoring methodology and techniques, which we invested in customizing, has successfully matched the expectations of our region.

We have enjoyed creating strategic plans for a variety of prominent local and regional businesses. Our local successes include the Jordanian National Human Rights Plan (2022-2025), the Jordanian National Criminal Justice Strategy, the National Center for Human Rights, the Jordanian Legislation and Opinion Bureau, the Jordanian Judicial Authority, the Companies Control Department of Jordan, Rasheed-Transparency International Jordanian Chapter, the Jordan River Foundation, Dar Abu Abdullah, the King Hussein Cancer Center, Abdulhameed Shoman Foundation, Tkiyet Um Ali, among others. Regionally, we have worked on strategic planning projects for public sector entities such as the Saudi Central Board for Accreditation of Healthcare Institutions (CBAHI), Dallah Healthcare Group (KSA), Dubai Healthcare City, Bupa Insurance, the Council of Cooperative Health Insurance (KSA), and many others.

Additionally, based on our understanding of the local culture and our area experience, we have created our own Strategic Management System (SMS). This guarantees the best possible coordination between the board goals and day-to-day operational activities.

OUR — SERVICES

02

Public Reform and Institutional Development

Various public sector clients in Jordan and the MENA region have benefited from our services in public reforming and institutional development. We have the capacity to adapt our services in order to guarantee the successful accomplishment of the goals and objectives of our clients.

Organizational growth, strategic planning, capacity building, and the creation of new programs and initiatives are all among our services portfolio. We use a proven methodology and strategy, best practices, and regional and global benchmarks. To achieve high-impact and sustainable results, we integrate systems and offer data-driven solutions.

Our team of consultants has worked on numerous public reforming and institutional development projects for prestigious organizations like the Prime Ministry, Ministry of Justice, Jordan River Foundation, Council of Cooperative Health Insurance in KSA, Al Madinah Award organization in KSA, Ministry of Communication and Information Technology in Sudan, and many others.

OUR — SERVICES

03

Feasibility Studies, Valuation, Merges and Acquisitions

Beyond Consulting has provided business and financial analysis services to over 20 clients and contributed to more than 30 feasibility studies across industries including food and beverage, cosmetics, healthcare, pharmaceuticals, ICT, and e-Commerce.

Our expertise spans diverse markets, including the US, EU, KSA, UAE, Qatar, and Jordan, strengthening our experience in financial modeling, market analysis, and strategic planning.

We specialize in M&A services, successfully leading the process from strategy development and target screening to valuation, due diligence, and deal closure. Our experience covers sectors such as healthcare, pharmaceuticals, industrial, and ICT.

As an approved service provider for the European Bank for Reconstruction and Development (EBRD), Beyond Consulting supports SMEs with feasibility studies, business planning, and market research. Our Senior Management Consultant, Marwan Ata, also serves as an international advisor and mentor for regional startups. To date, we have supported over 17 EBRD beneficiaries in Jordan and assisted more than 20 local and regional startups.

OUR — SERVICES

04

Market Research

Our team of researchers and consultants have mastered the art of market research via our significant experience in the market. As a result, our team has the analytical tools required to undertake in-depth local and international market research and create export marketing strategies, among others.

Beyond Consulting now serves clients in Saudi Arabia, UAE, Oman, Qatar, and Palestine, in addition to Jordan. Both regular consulting services and specialized research projects are available. AS a result of this vertical expansion as well as the geographical expansion, Beyond Consulting is now able to work with prestigious high-end clients like IESC, TetraTech, and Kaizen. Additionally, we have successfully completed over 15 projects with the EBRD since becoming a certified service provider.

As a firm that always goes “Beyond”, our service portfolio has grow to now encompass market and value chain research, specialized industry analysis, qualitative and quantitative research, as well as support for job creation.

OUR — SERVICES

05

Export Planning and International Market Research

At Beyond Consulting, our comprehensive suite of services extends to Export Planning and International Market Research, where we excel in guiding businesses towards regional and global success. Our dedicated team of experts is committed to assisting clients in navigating the complexities of international markets by formulating robust export plans tailored to their unique needs.

Through international market research, we provide invaluable insights into target markets, ensuring informed decision-making and strategic positioning. Whether you are expanding your presence overseas or entering new markets, our Export Planning and International Market Research services empower businesses with the knowledge and strategies necessary to thrive in the global arena.

Our team has proudly partnered with a diverse array of businesses, including notable names such as Bunni Coffee, Qabalan Bakeries, Al Barakeh Food Industries, Bio Technology, Paradigm Design House, Zadd Numbers, IRIS Technologies, and many more. Our proven track record demonstrates our ability to navigate the nuances of both service and product-oriented enterprises, delivering tailored solutions that resonate with the unique demands of each industry.

OUR — SERVICES

Innovation Management

Beyond Consulting is a Gold Partner for Innovation360 for the GCC and Jordanian markets.

Innovation360 is a global leader in innovation analytics and management, providing cutting-edge tools and methodologies to help organizations assess, develop, and enhance their innovation capabilities. Through its proprietary platform, InnoSurvey®, Innovation360 gathers and analyzes data from thousands of companies worldwide, offering deep insights into innovation strengths, gaps, and opportunities.

The company works across industries, helping businesses implement strategic innovations that drive growth and competitiveness. Innovation360's tools are scientifically backed and data-driven, making it an invaluable partner for companies seeking to foster sustainable innovation, improve decision-making, and align with global best practices.

KEY CLIENTS

Beyond Consulting has a strong track record of working with public and private sectors, as well as non-governmental organizations in over six countries. The reference list of Beyond Consulting includes over **150+ unique clients** in Jordan, KSA, UAE, Oman, Iraq and Palestine.

KEY PROJECTS

BEYOND CONSULTING
MANAGEMENT AND BUSINESS CONSULTING

KEY PROJECTS

Ministry of Transportation – Biac | 2025

Beyond Consulting was contracted by Biac to conduct a comprehensive situational analysis of the transportation and logistics ecosystem in the Kingdom of Saudi Arabia. The engagement aimed to deliver strategic insights and actionable recommendations to the Ministry of Transportation, with a focus on enhancing the startup and entrepreneurial landscape within the sector. The scope included mapping key stakeholders, identifying systemic challenges, benchmarking international best practices and leading countries, and formulating a robust strategy to foster innovation, support emerging ventures, and position KSA as a regional hub for logistics and transportation startups.

Awqaf Study – Itmam Consulting | 2025

Beyond Consulting was contracted by Itmam Consulting to conduct a comprehensive and in-depth analysis of the Awqaf sector in the Kingdom of Saudi Arabia, with a particular focus on the "nazarah" model—examining its regulatory framework, prevailing conditions, key challenges, and areas for improvement. The project encompassed extensive stakeholder engagement through two national workshops attended by over 80 participants, as well as international benchmarking across 10 countries. In addition, the team conducted consultations with more than 30 national and global experts to inform the development of enhanced models for "nazarah" that align with global best practices and support the sector's long-term sustainability and impact.

Waad Investment – Strategy and Financial Modeling | 2025

Beyond Consulting was contracted by WAAD Investment to conduct a comprehensive assessment of its startup portfolio and overall investment landscape. The engagement included the development of tailored financial and investment models, strategic support for WAAD's expansion plans, and advisory services to facilitate a potential merger with the Omani Investment Fund. Leveraging its deep expertise in investment strategy and deal structuring, Beyond successfully supported the transaction, culminating in a landmark deal valued at USD 50 million.

KEY PROJECTS

USAID – BGA – ONE TO MANY EXPORTS | 2024

Beyond Consulting was contracted by the USAID Business Growth Activity to support the “Exporting Services to the Saudi Market” initiative, which helped sixteen small and medium enterprises (SMEs) from Jordan’s service sector successfully enter the Saudi market. The initiative, covering sectors such as Information and Communication Technology (ICT), training, consulting, and logistics, aimed to expand market opportunities for Jordanian service providers in Saudi Arabia. The project facilitated significant growth for these SMEs, with six securing business deals and two forming partnership agreements. Over 120 business development interventions led to 11 deals and five high-impact strategic partnerships, generating an export value of SAR 1.7 million.

Jood Business Center Governance Project | 2024

Beyond Consulting was contracted by Tasamy to enhance the governance of Jood Business Center. The project involved developing the organizational structure, defining roles and responsibilities, and creating a matrix of authorities for new units. Job descriptions and policy manuals were also developed, followed by the establishment of Key Performance Indicators (KPIs) for services, departments, and roles. Additionally, a strategic planning initiative was carried out, complemented by an impact assessment to measure the effectiveness of the implemented strategies.

Strategic Plan Development Project - Wadi Al-Ahsa Investment Company/ King Faisal University | 2024

Beyond Consulting was contracted to develop the strategic plan for Wadi Al-Ahsa Investment Company and its subsidiaries. The project aims to achieve sustainable development in the Al-Ahsa region in line with Saudi Vision 2030. It focuses on analyzing the current situation and conducting benchmarking to assess current performance, setting a strategic vision and objectives, developing a roadmap to achieve them, and transforming the strategies into an operational plan that includes resource allocation and performance indicators. The project also covers the subsidiaries, with an emphasis on enhancing their efficiency, improving their performance, and increasing their competitiveness to achieve economic growth and sustainable diversification.

KEY PROJECTS

Job Description Development Project (USAID) | 2024 | 🇯🇴

Beyond Consulting in collaboration with the USAID-funded Governance Enhancement Project, developed job description cards for all civil service positions as part of the public sector modernization strategy. The project created a unified, reliable database of over 7,000 job descriptions across 98 government entities, supporting transformations such as restructuring and new job creation. Key achievements include the development of an electronic system for archiving and updating job descriptions based on competencies, enhancing job evaluation and classification. This initiative reflects the Jordanian government's commitment to improving public sector performance, governance, and human resource management, contributing to sustainable development.

Saudi Arabia Market Research – Qatar Development Bank | 2024 | 🇸🇦

Beyond Consulting was contracted by Wise Consulting to perform in-depth market analysis for 18 product categories in the Saudi market. The objective was to identify export opportunities for Qatari SMEs across different industrial sectors including construction and building, plastic and medical equipment. The project entailed a thorough assessment of the value chain, identification of market opportunities, analysis of the regulatory environment, evaluation of industry drivers and challenges, and detailed market sizing and demand forecasting. Based on these insights, recommendations were made to guide Qatari SMEs in selecting optimal strategies for expanding into the Saudi market.

Strategic Plan for The Department of State Cases - Jordan | 2023 | 🇯🇴

Beyond Consulting was contracted by the USAID to develop a strategic plan for the Department of State Cases. The project entailed conducting an internal organizational assessment that identified the organizational strengths and weaknesses that were then used to develop the priorities, goals, and initiatives of the department. The project also included conducting a workload analysis for the attorneys working in the department, revising and amending the organizational structure, developing job description documents for all the roles and developing standard operating procedures (SOPs) to systemize work within the department.

KEY PROJECTS

Tech Champion Program - MCIT | 2023

Beyond Consulting was contracted by the Ministry of Communications and Information Technology to design a program, that works on accelerating the growth of medium to large tech companies both locally and regionally in strategically selected technology domains and digitally enabled sectors in KSA.

Industrial Heritage Strategy and The Saudi Society for the Preservation of Industrial Heritage – KSA | 2022

Beyond consulting was contracted by iValue Consulting to conduct a project led by the Ministry of Culture. The project was divided into two parts, the first part's scope of work included international country benchmarking in terms of best practices in the industrial heritage sector, conducting current state assessment in the kingdom regards industrial heritage, stakeholders mapping and analysis, and developing strategic vision, values, pillars, objectives, initiatives, and KPIs. The second part included the development of the Incorporation and operating plan, Human resources plan, the society processes re-engineering, and implementation of an awareness campaign.

IDV - Intelligent Digitalization Venture Organizational Transformation | 2022

Beyond Consulting developed a strategic and management plan to enhance IDV readiness for investments and empower it to become an appealing option for potential investors in terms of business model, internal structure, legal arrangements, managerial capabilities, and internal systems. The project involved ongoing planning, monitoring, analysis, and assessment of all necessities IDV needs to meet its goals and objectives.

KEY PROJECTS

TAM
CONSULTANTS

Ministry of Tourism – KSA | 2022

Beyond consulting was contracted by TAM consulting to develop and implement initiatives that strengthen governmental relationships with the ministry of tourism's stakeholders to increase efficiency and contribute to the development and readiness of tourist destinations.

**INTERNATIONAL
RESCUE
COMMITTEE**

Strategic Planning Support- IRC Jordan Office | 2022

Beyond Consulting was contracted by IRC-Jordan to conduct a desk review of the assessments and collected data for IRC Strategic Action Plan to support in finalizing the Implementation Plan of the Country Program. Along with providing recommendations to shape the SAP and IP recurrent reviews, decision making routines, and the overall program development and expansion.

مؤسسة نهر الأردن
Jordan River Foundation

Jordan River Foundation (JRF) | 2022

Beyond Consulting successfully developed JRF (Strategic Plan - 2021-2023) and operational plans, including determining their future national role in social and economic development and empowerment. The project entailed conducting over 20 stakeholder interviews and focus groups in addition to international benchmarking.

KEY PROJECTS

Market Research for Prince Hussein Technical University (HTU) | 2022 |

Beyond Consulting was contracted by HTU to conduct a market research assessing the acceptability and duration of an apprenticeship program that HTU is working on. Followed by identifying the future potential trainees and potential donors for the apprenticeship schemes in addition to the realistic fees that the trainees are willing to pay.

National Criminal Justice Plan Jordan | 2022 |

Beyond Consulting in cooperation with the Ministry of Justice and with the support of the European Union, developed the strategy for criminal justice, one of the main components of the justice sector in the Hashemite Kingdom of Jordan. The company followed a specialized methodology in developing the strategy to meet the requirements of justice sector in general and the criminal justice component in particular, while benefiting from the recommendations and suggestions of all stakeholders related to the strategy and in a way that keeps pace with the aspirations of these parties and the latest issues related to criminal justice in the Kingdom as well.

Market Entry Strategy to the EU Market-BioEnergy Tech | 2022 |

Beyond Consulting was contracted by the USAID-BGA to conduct a market entry strategy for BioEnergy Tech (a Jordanian food supplements manufacturing company) to the European Union market, including an action plan on how the company will reach potential customers in the target country and providing clear information on market objectives, market segmentation and positioning, entry mode strategy and the export marketing mix elements and delivery methods. The project included studying all EU countries and assessing them based on an agreed upon criteria to shortlist the countries and select the most attractive 2 countries that BioEnergy can penetrate. After selecting the 2 countries the consultants advised on the most appropriate market entry mode and strategy.

KEY PROJECTS

General Authority for Awqaf – KSA | 2022

Beyond Consulting was contracted by Impact Partners KSA to provide professional support to the General Authority for Awqaf in the implementation of its strategic plan. Beyond Consulting's role involved the development of programs and products aimed at enhancing services and initiatives specifically designed for the endowment and Awqaf sectors.

Revised national human rights plan | 2021

Beyond Consulting partnered with the Government Coordinator for Human Rights and received USAID support to update and review the National Human Rights Plan (2016-2025), and conducted a strategic assessment to track progress, mapped and analysed key stakeholders, set international benchmarks, reviewed goals and targets, and aligned new initiatives and action plans with SDGs and UPR report 2018 recommendations. Beyond Consulting worked with the technical committee headed by the Minister of Justice, to lead the way in issuing Revised National Human Rights Plan (2016-2025).

SMEs Franchise Development Project | 2021

Beyond Consulting was contracted to provide consultative advice for five companies in Oman from two sectors to prepare them to pursue franchising opportunities. This included preparing franchise strategic plans, legal input documents, franchise operating manuals and franchise marketing manual.

KEY PROJECTS

Prime Ministry of Jordan – National Human Rights Plan | 2021

Beyond Consulting worked in cooperation with the Government Coordinator for Human Rights in the Prime Ministry and with the support of USAID to review and update the National Human Rights Plan (2016-2025). The scope of work included conducting a strategic assessment of the progress of the national projects and initiatives until the end of 2020, mapping and analysing the key stakeholders, setting international benchmarks for countries in terms of national ranking and results in relevant international indicators, reviewing the goals and targets, meeting and discussing with stakeholders and aligning and formulating the new initiatives and action plan with the SDGs and recommendations contained in the UPR report 2018.

USAID ROLP - National Centre of Human Rights | 2021

Beyond Consulting was contracted by the Rule of Law –USAID funded project to develop the NCHR Strategic Plan (2021-2023). The project entailed comprehensive regulatory framework assessment, stakeholder's analysis and the development of the strategic plan in full alignment with national reform goals, and the national strategy (Jordan 2025), and the international Sustainable Development Goals (SDGs).

Council of Cooperative Health Insurance - Developing SOPs for all the departments within a regulatory | 2020 - 2021

Beyond Consulting has been contracted to implement an organization-wide project to establish and update policies and procedures for 11 divisions of the Council of Cooperative Health Insurance in the Kingdom of Saudi Arabia. The manuals included procedural steps, policies, key performance indicators, procedure charts, matrix of authority, procedure forms, and a service level agreement (SLA) manual.

KEY PROJECTS

Al-Madina Excellence Award Foundation KSA | 2020

Beyond Consulting was contracted by Impact Partners KSA to develop a new excellence award for Al-Madina foundation. The project entailed national and international benchmarking, key stakeholders meeting, and developing excellence model in addition to executing the Award and evaluating over 15 public institutions.

Dubai Healthcare City (UAE) | 2018

Beyond Consulting worked with the Healthcare Accreditation Council (HCAC) on the development and establishment of Dubai Healthcare City Accreditation unit and assisting them to obtain ISQua International Accreditation. The project entailed the development of DHCC strategic plan (2019-2022) and operational and functional plans.

Dallah Pharma - Business restructuring plan KSA | 2018

Beyond Consulting has successfully developed a business restructuring plan for Dallah Pharma in the Kingdom of Saudi Arabia. The project included conducting comprehensive market research for the pharmaceutical market in the GCC countries, identifying potential products, recommending production lines, and upgrading activities in terms of technical improvement and organizational structure.

KEY PROJECTS

Health Care Accreditation Council (HCAC) | 2017 |

Beyond Consulting was contracted develop the HCAC Strategic Plan (2018-2020), focusing on national positioning and regional expansion. The project included comprehensive local and regional market research, stakeholder analysis, and identifying growth opportunities within Jordan and the broader region. By leveraging our expertise in strategic planning and market insights, Beyond Consulting ensured that the plan addressed key priorities, strengthened HCAC's market presence, and aligned with its vision for long-term sustainability and regional influence.

King Hussein Cancer Center (Jordan) | 2014 |

Beyond Consulting developed the strategic plan for the King Hussein Cancer Center (KHCC) for the 2014 -2017 period and was subsequently contracted for a two-year commitment to oversee its implementation. The project included a comprehensive analysis of KHCC's internal environment, evaluating key components such as its business model, human capital, infrastructure, and operational processes. Beyond Consulting also conducted an in-depth local market assessment to identify emerging trends and opportunities, alongside a salary benchmarking exercise to ensure competitive compensation structures. Additionally, the project included detailed financial planning, focusing on optimizing resources, aligning budgets with strategic objectives, and ensuring sustainable growth.

Overview

Zaina is a management consultant with a strong background in business economics and business administration. Zaina's experience in market research and database management has helped her to efficiently collect and analyze large amounts of data, enabling her to develop insights into market trends, consumer behavior, and other factors that impact an organization's performance. Her ability to design specific research methods and formulate presentations has also allowed her to effectively communicate her findings to clients, helping them to make informed decisions based on data-driven insights.

In addition to her expertise in market research, Zaina has a rich experience in the field of strategic planning. Her experience working on management consulting projects for small, medium, and large enterprises in both the public and private sectors in Jordan has given her a deep understanding of the challenges and opportunities facing businesses in the region. Her expertise in strategic planning has allowed her to work closely with clients to develop and implement effective strategies that support their long-term growth and success.

Overall, Zaina's combination of skills and experience in market research and strategic planning make her a highly effective management consultant who is well-equipped to provide valuable advice and guidance to organizations looking to improve their performance and achieve their business objectives.
